Onda Office

Small sized armchairs with a star base and revolving chair that stand out for the austere structure that is able to meet the demands of the contemporary office. Steel structure. Moulded polyurethane foam padding. Five-star aluminium base available in a black or polished finish. Mounted as standard on self-braking, swivel castors in a soft-surface finish, but on request also available in a hard-surface finish, or alternatively without the self-braking mechanism, in a hard or soft finish. The model is also available with swivel glides, which lower the height by 2 centimetres. Upholstered in Pelle Frau® leather from the Color System.

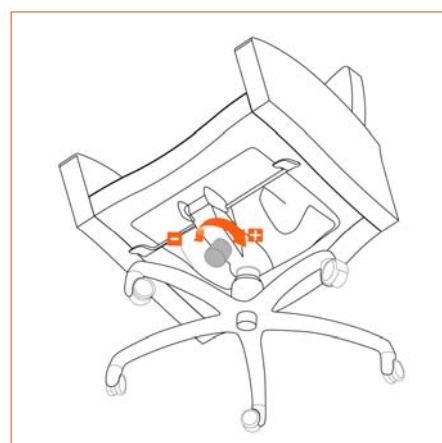

Features Managerial: fully rotating, height adjustable, reclining mechanism with several fixed settings. Meeting: fully rotating.

Seat height adjustment
